- Unique all steel movable multimedia cart
- Complete self-contained system
- Secure, can be closed and locked
- Easy to move with rear handle, foot ledge, and industrial 5" wheels
- Built in speakers
- Power strip and trip protector included
- Delivered fully assembled with all components mounted and connected

The Dukane Mobile Presentation System (MPS) is the perfect audio visual solution for schools, training centers, or businesses that are looking for portable presentation technology which can be easily moved between a number of rooms. When not in use all shelves and doors close and lock for complete security and worry free storage.

Components

Data video projector: A selectable projector, like the Dukane 8755N which has 2200 lumens and XGA resolution, is securely mounted to a rotating shelf that can easily adjusted for the correct elevation level. This steel projector shelf can be fully closed to secure the projector inside the cart.

Document Camera: Hi-Resolution Dukane 335B goose neck digital document camera is mounted inside the cart for high resolution images.

Media Player: Inner shelf contains a DVD/Blue-ray player.

Speakers: Stereo speakers with subwoofer mounted inside the cart with independent volume control.

Power: 20' Power Cord with a 6' trip protector is included

MPS6 Specifications

Cart: Platform is a rugged, locking cart of all metal construction with wheels attached. 4" diameter cutout on top allows for secure gooseneck document camera installation capability.

Shelves: Tilting front projector shelf. Rugged metal 19 1/2" folding shelves on each side (2).

Doors: Rear doors with cord storage holders and locks.

Security: Cart doors and steel projector shelf are secured by 4 key locks.

Storage: Internal storage space for a desktop, tower or laptop computer, plus other equipment.

Wheels: Cart constructed of sturdy powder coated steel with large 5" swivel wheels and built in handle. Step edge for elevation of the front wheels for movement over curbs, ledges and steps. Rear wheels have step locks for stationary placement.

General

Power strip with overload protector mounted in the cart. Power outlets available for PC and other accessory equipment. Power cord with an attached 6 foot vinyl floor guard trip protector. Floor guard has 3/4" cable channel to accommodate power, data, and CATV cables. When not in use power cord can be stored inside the cart.
